The Opportunity

The University of Wyoming College of Health Sciences invites nominations and applications for the Chief Medical Officer (CMO) of the Educational Health Center of Wyoming (EHCW).

The Role of the Chief Medical Officer

Under the direction of the Chief Executive Officer (CEO), the Chief Medical Officer (CMO) provides leadership, supervision and expertise for clinical quality and clinical effectiveness across all Educational Health Center of Wyoming (EHCW) clinics. The CMO evaluates and optimizes the care management approach, process of disease management, patient safety and develops processes to assure appropriateness of care and ancillary resource utilization. The CMO coordinates with the nursing supervisors and site medical leadership to ensure the clinics provide a quality healthcare service with the support of the clinical support teams. This role will provide the administrative guidance for the clinical staff as well as providing direct patient care. The CMO provides medical leadership for the clinics while working closely with the CEO, Chief Financial Officer (CFO) and Chief Operations Officer (COO) to ensure organizational sustainability.

Description of Duties and Responsibilities:

- Coordinates scheduling for EHCW provider staff ensuring appropriate coverage for patients and coordinates in partnership with UW Family Medicine Residency program directors and to ensure proper after-hours coverage for our patients.
- Approves all leave requests made by direct reports in accordance with UW policy.
- Provides environment of quality improvement that is data driven, and develops systems to objectively measure outcomes of patient care through review of resources utilization
- Oversees the medical staff and facilitates teamwork within the clinic setting; represents medical staff viewpoints to administration and relays administrative views to medical staff
- Oversees provider productivity at all EHCW clinics
- Ensures compliance with HRSA-required compliance areas such as clinical staffing, credentialing, and privileging, continuity of care, quality assurance, hospital admitting, collaborative relationships, Federal Tort Claims Act (FTCA) coverage and patient services.
- Ensures timely access to high quality medical care through clinical system improvements, recruitment and retention of providers, and oversight of patient centered medical home initiatives and designations

- Provides clinical expertise and leadership in the design and implementation of effective care management processes and develops new initiatives to improve clinical quality.
- Implements organizational structures that promote shared accountability, high achievement and compliance with applicable laws and regulations; this includes electronic linkages and care delivery tools
- Integrates clinical care quality and management within the clinics through collaboration with members of the senior management team, including nursing managers, quality director, and medical leadership at all three clinics.
- Takes a lead role in EHCW major activities, including any clinical initiatives from an organizational or individual clinic basis.
- Guides the recruitment and orientation of EHCW provider staff.
- Provides advice to the Board on technical and professional health care policy matters.
- Provides patient care on a regular basis to the community members who access the clinic.
- Communicates and coordinates clinical operational activities with the UW Family Medicine Residency program, working closely with the DIO and program directors.
- Promotes the EHCW and its program to the community.
- Maintains a professional liaison relationship with the community.
- Lead the efforts to maintain compliance with HRSA quality, infection control and patient care requirements.
- Other duties as appropriately assigned.

Qualifications/Preferences:

- Board certified in Family Medicine and ability to be licensed in Wyoming.
- Senior leadership and management experience.
- Experience in a Federally Qualified Health Center
- Lead the efforts to maintain compliance with HRSA quality, infection control and patient care requirements.
- Experience working with a residency program,
- Strong communication, mentoring and collaboration skills.
- Family Practice outpatient experience.

About The Educational Health Center of Wyoming

The Educational Health Center of Wyoming was born out of a want and need for quality healthcare for the vulnerable populations in Wyoming communities. In addition, the University of Wyoming Family Medicine Residency program has partnered with the EHCW from its inception. This collaborative relationship allows the residents in the program to interact with the patients in the EHCW clinics, providing healthcare services while in a learning environment. The organization is proud to offer quality healthcare services to individuals regardless of their ability to pay. The people who work within the walls of our clinics embody the caring and giving spirit that pushes forth our mission. We want to create an environment for our staff, faculty and residents that is welcoming and rewarding. Our clinics and their teams represent the EHCW in the communities of Casper, Cheyenne and Laramie and demonstrate daily the importance of our mission.
